# Raveendra KUCHU

*undergaduate student*

ravindra16329@gmail.com +91 9030550431 *linkdin\\raveendra kuchu*

Computer Science and Engineering student with a strong foundation in Python and Java, specializing in object-oriented programming. Skilled in developing real-world applications with clean, responsive, and user-friendly interfaces. Projects include a Desktop Application for Diwali Cracker Sales and a To-Do List Web App featuring dynamic themes and animations using HTML, CSS, and JavaScript. Also worked on an Energy Harvesting System using vibrations, showcasing a blend of hardware-software integration. Comfortable working with Angular for frontend development and experienced in Git/GitHub for version control. Passionate about full-stack development, UI/UX design, and building meaningful tech solutions. Always eager to learn, take on new challenges, and collaborate with professionals in innovative environments.

## Education

VIT-AP
- **Int M.tech in computer science and engineering**
- **cgpa : 9.0**

SriChaitanya junior college Tirupathi
- intermediate in MPC
- percentage 98%
